Dear ACWA member ~~and Board President,~~

Williams

I have included an introduction/information letter and resumé, a sample Resolution of Support which I hope your Board can pass, and a personal endorsement form for you or any other of your Board members who may want to endorse me. (I would love that!)

If I am successful in becoming ACWA Vice President, I look forward to visiting your agency some time in the next couple of years, and providing leadership and a sounding board for your region's issues and concerns. Each region is unique and requires serious consideration of the perspectives of the people who know it best.

Please feel free to contact me with any questions or concerns.

Thank you, and I look forward to working together!

Fellow ACWA Member;

Let me introduce myself! I am Sarah Palmer and I would like your support in becoming the next Association of California Water Agencies (ACWA) Vice President. As a Director for Zone 7 Water Agency since 2006, a teacher of Environmental Science in the college and high school levels, as well as a guest contractor at Lawrence Livermore National Labs with the UC Davis Groundwater Ambient Monitoring and Assessment (GAMA) project, I have been involved in many of the complexities of water in our state. My membership in ACWA has given me the opportunity to hear and understand the diverse viewpoints and challenges faced by the different regions of California, as well as be enriched by the people involved.

With ACWA, I have served as Vice Chair of Region 5 and attended several regional activities and events. These have been instrumental in giving me an appreciation of the issues and people of each region. I am an active member of the Agriculture, Water Management, and Water Quality Committees and have helped wrestle with emerging concerns in notification and response levels in the PFOA/PFAS Subcommittee. PFOA/PFAS is only one set of the troubling issues in which we are so fortunate to have the advocacy of ACWA involved. My participation in the ACWA Steering Committee has given me a deeper understanding of the inner workings of our agency and a heightened appreciation of the ACWA staff. The cooperative efforts of ACWA officers, staff and committee members and their work with legislators has averted a water tax, and helped formulate statewide programs. I have had the opportunity to attend three Washington, DC Legislative Conferences and am grateful for the work our DC ACWA staff does to prepare us for these important meetings. The ACWA Bi-annual Conferences present extraordinary opportunities for education and connection. I have attended nine of them. The keynote speakers have been consistently good and often inspiring. With all the various regional differences and diversity of political opinions, it is always heartening to see that ACWA members really do work toward seeing ourselves as "one water", striving to set aside individual and regional biases for the common good.

My 13 years as a Director for Zone 7 Water Agency has seen both drought and flood, litigation and contentious rate changes, three General Managers and some organizational restructuring. I have served as President for three terms, and have been active on Finance, Administrative, Tri-Valley Liaison, and Water Quality standing committees and served on three *ad hoc* committees. Again, work by our wonderful staff has brought us several Finance awards and approval of our SGMA Groundwater Sustainability Plan. Both staff and Board actively interact with our community locally and county-wide.

Dear Matt Stone:

It is my pleasure to inform you that the Board of Directors of the San Juan Water District (San Juan) took action at its June 26, 2019, board meeting to nominate Director Pam Tobin to be elected Vice-President of the Association of California Water Agencies (ACWA).

As noted in the enclosed Resolution of Support from the San Juan Board, Director Tobin "possesses all of the qualities needed to fulfill the duties of the office of ACWA Vice-President" – e.g. knowledge of the water industry, strength of character and leadership capabilities, and the ability to dedicate her time and energy to effectively serve. Moreover, Director Tobin has served ACWA in various capacities during her 15-year tenure as a San Juan Director, including:

- ◆ Current Chair of Region 4 and member of the Board of Directors, including being an appointee to the Steering Committee for Long-Term Strategic Planning;
- ◆ Board Member of ACWA JPIA since 2016; and
- ◆ Long-time active participant on the Federal Affairs and Local Government committees.

Director Tobin has also been a leader in regional water management efforts, including as a Board Member and multiple terms as Chair of both the Sacramento Regional Water Authority (RWA) and the Sacramento Groundwater Authority. In 2018, she was the recipient of the RWA's Distinguished Service Award.

In addition to informing you of Director Tobin's candidacy, we respectfully request your agency's support of Director Tobin's nomination by adopting a resolution endorsing her nomination to be ACWA's next Vice-President. Also enclosed you will find a sample resolution of support. If your board takes action, please forward your resolution of support to me by September 12th and also to ACWA c/o Donna Pangborn, 910 K Street, Suite 100, Sacramento, CA 95814.

Thank you very much for your consideration.

Sincerely,

Paul Helliker
General Manager

RE: ACWA Vice President Election – 2020-'21 Term

Dear Board Chair/President:

I am excited and proud to announce my candidacy for the office of Vice President of the Association of California Water Agencies (ACWA) for the 2020-2021 term and ask for your support. My more than 15 years of experience in local, regional and statewide water issues uniquely qualifies me for this role with ACWA.

I am honored to have the full support for my candidacy from my home district San Juan Water District in Northern California, where I have served on the Board of Directors since 2004, and from the Regional Water Authority / Sacramento Groundwater Authority, where I have also served on the Board and in leadership for 15 years. Additionally, I have been an active and supportive participant in ACWA, serving as current Chair of ACWA Region 4 and a member of the ACWA Board of Directors, and as a member of the Federal Affairs and Local Government Committees. I currently serve on the ACWA-Joint Powers Authority Board of Directors and Finance Committee.

In addition to my leadership roles in the water policy arena, I bring strong skills in the areas of strategic planning, finance, leadership and coalition building, forging strong partnerships between the community and the organizations in which I have served. I fully understand, and I am prepared to dedicate the time necessary to the position of ACWA Vice President and would dedicate my expertise in water and other personal strengths to support ACWA's priorities and mission.

It is a challenging time in California water which requires a commitment to seeking collaborative solutions that will work for ACWA's public water agency members and the customers they serve. I have a passion to bring my experience and skills to ACWA and would be honored to represent the association as its Vice President to advance issues of importance to its membership.

I look forward to meeting with many of you over the next few months. More details on my qualifications are provided in the attached document.

Thank you for your time and consideration of support. If you have any questions or concerns, please don't hesitate to contact me directly.

Sincerely,

Pam Tobin,
San Juan Water District Director; ACWA Region 4 Chair; ACWA/JPIA Board Member;
Sacramento Groundwater Authority Chair; Sacramento Regional Water Authority Board/Executive Committee Member

Statement of Qualifications

August 2019

Hello ACWA Members:

My name is Pam Tobin and I am asking for your support to be ACWA Vice President (2020 -'21 term). I have more than 15 years of experience in California water at the local, regional and statewide level. I have served on the Board of Directors of the San Juan Water District in Northern California since 2004, including three terms as President of the Board. I also have served multiple terms as Chair of both the Sacramento Regional Water Authority and the Sacramento Groundwater Authority.

As you know, this recent period in California water has presented many challenges for local public water agencies and the elected directors who lead them. In my various roles, I have engaged in policy deliberations addressing the worst drought in California's history, landmark groundwater legislation known as SGMA, and ongoing efforts to stabilize the Delta. The most gratifying part of working to find solutions is the relationships I have built.

I value my active participation in ACWA. ACWA is the place where all water agencies come together to learn, to share and to make a difference as we create strategies and policies that will work for the 450 public water agency members under the ACWA umbrella. Whether the agencies are from the north, middle or southern end of the state or serve ag, urban or rural customers, we have more in common than we think because we all serve the public interest. I have been energized by my time on the ACWA Board of Directors as the ACWA Region 4 Chair, hashing out key federal issues and representing ACWA legislative positions on Capitol Hill and thinking about the local issues and how best to serve customers through participation on the Local Government Committee.

It has been extremely rewarding to work closely with the ACWA Board to devise statewide policies on everything from safe drinking water access and quality, to conservation and drought contingency, to providing input to the Newsom Administration on a future water portfolio for California. Also, I have enjoyed serving as a member of the ACWA Board Steering Committee carving out a future path for ACWA through a five-year Strategic Plan. As an ACWA-JPIA Board member and a recently appointed member of its Finance Committee, I have worked to ensure we are offering the critical insurance services that public water agencies need today and into the

future, by securing ACWA-JPIA's financial health and growth. Through these activities, I have been able to put my personal skills around policy development, collaboration, finance, and conflict resolution on the table to help make progress.

Those who know me know that I am not afraid to dig into the tough issues. In fact, I relish the opportunity to work collaboratively with all parties to find the "win-win" outcome. I also am an independent thinker and can make the tough calls. That is what ACWA is all about. ACWA brings the issues, the solutions and the people together. This is precisely why I want to use my experience and skills to help advance ACWA's mission and vision as its vice president.

Serving on the board at San Juan Water District has provided the opportunity to understand both the wholesale and retail side of the water business. We serve families and businesses. While we have some of the most senior water rights in California (1853), the agency also is an American River Division contractor with the Federal Central Valley Project. The agency is active in regional groundwater management / conjunctive use planning, with issues such as SGMA implementation which has helped me to better understand the challenges that other agencies experience. My time working with more than 22 public water agencies, private water companies, cities and counties through my work with the Regional Water Authority and Sacramento Groundwater Authority has been another opportunity to build partnerships for collaborative solutions.

So, what do I do in my spare time? You might be surprised to know that I am a long-time realtor and property developer with over 30 years as a business owner. Understanding the nexus between land-use planning and water management has been invaluable in my water role and in my professional life. But my real passion is caring for our four-legged friends. For many years I focused on showing dogs, but now I rescue them. It is the hardest and best thing I have ever done.

My background: I hail from Laconia, New Hampshire, growing up in the Lakes Region. I have called California home since 1971. I have been married to my wonderful, supportive husband for 38 years. I have two grown children, my oldest son is a senior engineer in upper management for the City of Los Angeles and the youngest is an attorney living and working in Los Angeles. I also have four grandchildren.

Finally, I did not come to the decision to run for ACWA Vice President lightly. As is sometimes the case, several ACWA water leaders that I respect came to me and told me that I should throw my hat in the ring for ACWA VP. Everything I have done to date has prepared me for this moment. I look forward to meeting with many of you to share my ACWA vision and commitment to you personally and hope that I can count on your support for ACWA Vice President.

Pamela Tobin

My Priorities for ACWA

August 2019

I am often asked, “What is your personal vision for how you hope to contribute to making ACWA better and more valuable to its members?” Here are my priorities:

- **Demystify ACWA:** Local public water agencies have an increasing number of challenges to deal with. ACWA is here to help them, but we must continue to educate them on the services available through ACWA. I want to be an active ambassador on this front. I am a people person and enjoy relating to folks from around the state.
- **Increase Member Involvement:** Keeping member agencies connected to ACWA is truly a job that is never done. With the major turnover in the water industry, we must be vigilant to continue to engage members and solicit their input.
- **Advance Forest Management and Protect Local Water Agencies:** We are making great progress on securing funding and getting folks up the learning curve on the need to reduce fire risk and protect our source water. A lesser understood side effect of catastrophic fires is the burden that it puts on local water agencies who may be shouldered with the fallout of issues like inverse condemnation. We need to bring visibility to this issue and protect our members.
- **Support the Resiliency Portfolio:** Just as ACWA has done through the decades with past administrations, it must step up to proactively provide constructive and innovative input to the Newsom Administration’s water vision. I am proud of ACWA’s work on this and my involvement.
