

# ***Status of Integrated Regional Water Management Plan Update***

Water Resources and Watershed Committee

December 8, 2021

Item 3.4

# IRWM PLAN COMPLIANCE

- USCR IRWM Plan in compliance with State's IRWM plan guidelines
  - DWR IRWM Planning Standards (July 2016) reflect Prop 1, and the Disadvantaged Community Involvement Program
  - Amendment submitted in April 2018, DWR determined consistency in July 2018

**ROUND 1 GRANT  
SUCCESS, AND ON  
TO ROUND 2**

- Our region was successful in obtaining \$10.6M in funding in Round 1
- Round 2 is now under way
  - Available funds for Greater funding area (LA and Ventura County)
    - \$34,300,000 for 'general' projects and \$6,370,000 for DAC projects
  - Draft Proposal Solicitation Package (PSP)
  - Anticipated Application Fall or Winter 2022

# FUTURE IRWM PLAN CHANGES?

- Following the Plan Update in 2018, SCV Water anticipated conducting a full plan update the following year.
- However, conditions requiring a plan update are absent
  - No new plan standards released by DWR
  - We are currently in the Second Round of Prop 1 IRWM funding
    - No other IRWM funding on the horizon
  - Future of State support for IRWM not entirely clear
    - Ongoing conversations at State level re how IRWM is utilized to carry out the Governor's Water Resiliency Portfolio
- As a result of these factors, no plan update is in works at this time.

**2022 LOOK AHEAD  
AND ROUND 2  
FUNDING**

**Stakeholder Engagement, Project Solicitations**

**Possibility of negotiations with competing regions to pre negotiate funding allocations (again)**

**Working with IRWM Member agencies to select a consultant for preparing grant application**

**Preparation and Submittal of Grant Application**

**QUESTIONS?**
