Subject: Spanish posts

CAUTION - EXTERNAL SENDER

This email is for the Board for the upcoming meeting. Please continue English AND Spanish posts for the public. SCV is around 1/3 Spanish speaking/Spanish preferred and including both languages reaches the most constituents.

Thank you,

Kathleen Walker

CAUTION - EXTERNAL SENDER

Dear Ms. Kang, I am writing today in support of Item No. 4, which appears in front of the Public Outreach and Legislation Committee. According to your memorandum, between 20-30% of Santa Clarita residents are Spanish-only or Spanish-preferred households. With this in mind, I believe that it's important that SCV Water does outreach in both English and Spanish so that SCV residents gain a better understanding of the goings on at our local water agency. Thank you so much for your time! Sincerely,

Lynette Jackson

Subject: Community Access to Information

CAUTION - EXTERNAL SENDER

Dear Ms. Kang,

I am writing today in support of Item No. 4, which appears in front of the Public Outreach and Legislation Committee. According to your memorandum, between 20-30% of Santa Clarita residents are Spanish-only or Spanish-preferred households.

With this in mind, I believe that it's important that SCV Water does outreach in both English and Spanish so that all SCV residents have access to important information about our water.

I would also like to encourage the continuation of virtual attendance being allowed at all meetings of the Water Board. The technology is widely available and allows more community members to take part in decisions affecting our water.

Thank you,

Kathryn Franti

CAUTION - EXTERNAL SENDER

Dear Ms. Kang,

I am writing today in support of Item No. 4 which appears before the Public Outreach and Legislation Committee. According to your memorandum, between 20-30% of Santa Clarita residents are Spanish-only or Spanish-preferred households. Given those stats, I believe it is important that SCV Water does outreach in both English and Spanish so that all SCV residents have access to important information about our water.

Thank you for your consideration.

Sincerely,

Elliot Bronwein

Subject: Input for Thursday's Water Board Meeting

CAUTION - EXTERNAL SENDER

Hello Ms. Kang,

I am writing today in support of Item No. 4, which appears in front of the Public Outreach and Legislation Committee. With such a large portion of Santa Clarita residents who are Spanish-only or Spanish-preferred households, it's certainly a no-brainer to continue bilingual messaging.

I applaud the Board for it's common-sense approach and urge the board members to continue this effective and inclusive bilingual messaging, since EVERYONE needs your important information about water!

It would be much appreciated if you would please forward this input to the Board members. Thank you so much for your help!

CAUTION - EXTERNAL SENDER

Dear Ms. Kang -

I believe that everyone in Santa Clarita deserves information that affects our access to water.

Therefore, I am writing today in support of Item No. 4, which appears in front of the Public Outreach and Legislation Committee this week. According to your memorandum, between 20-30% of Santa Clarita residents are Spanish-only or Spanish-preferred households.

With this in mind, it's imperative that SCV Water does outreach in both English and Spanish so that all SCV residents have access to important information about our water.

Thank you,

- Jill Breznican
