SCVCC/Congressman Garcia

Interview with Congressman Mike Garcia with moderator chamber president.

Mike gave his opening statement on what has been happening. Nancy asked a series of questions. Discussion regarding the extreme fire conditions in CA. Close to 1,000,000 acres burnt to date. Some contributing reasons include the increase in CA population, homeless camps and fuel management of the forest and open lands.

Nancy then read a series of public questions sent in earlier.

Extension of federal unemployment benefits? It has been proposed \$300 per week by the president but rejected by the democrats.

The subject of the new Space Force is in the works.

What is happening with the covid19 vaccine? Both government and the private sector are working to resolve the problem.

Anything happening on a second round of stimulus package? It has been proposed but it is still on the drawing board.
