CAUTION - EXTERNAL SENDER

To the Santa Clarita Water Board:

My name is Emma Horowitz. I am a Santa Clarita resident.

I'm messaging today to push for you to support Central Park memorializing Gracie Muehlberger and Dominic Blackwell, who had their lives taken from them as a result of the Saugus shooting. That morning, the assigned Incident Command Post, where Saugus students vacated the premises of the school were issued for their security who would reunify with their families, was Central Park. A few days later, as allotted by the City of Santa Clarita, well over 15,000 Santa Claritans united at Central Park for a moving vigil, the largest gathering Santa Clarita Valley has ever had. This event honored the lives of Gracie and Dominic, and all those stricken by this unfortunate event. This event's impression cannot misrepresented. Dominic Blackwell and Gracie Muehlberger gathered us at Central Park in an unprecedented way that ought to always be remembered by Santa Clarita. Both Gracie Muehlberger and Dominic Blackwell are forever a part of the Santa Clarita's history, and must forever be a part of its future.

The City Council of SCV has already confirmed this ask, to do the same is the right next step.

Sincerely,

Emma Horowitz

The City Council of the Santa Clarita Valley has already confirmed this ask, to do the same is the just next step.

We need to show that we support our neighbors when tragedy happens. School shootings have made it to our home town. Students that were interviewed that day said, "they didn't think it would ever happen here. But they're not surprised it did." We need to come together to mark that day forever in our history. This memorial will forever show us what tragedy happened, so we may learn and prevent it, and it shows the support and strength of these families, the students, and this community. If you have a soul, a heart, a brain, and a conscious, you will support this memorial.

Sincerely,

Amanda Sinks

I am emailing today to call for you to have Central Park memorialize Dominic and Gracie, who tragically died due to the the Saugus shooting. During the morning of the shooting, the designated Incident Command Post, where kids vacated the premises of the school were issued for their security who would meet again with their parents, was Central Park. Three days later, as allotted by the City of Santa Clarita, well over 15,000 of us united at Central Park for a heart-wrenching occasion, the largest gathering in Santa Clarita Valley's history. This event honored the memories of Dominic Blackwell and Gracie Muehlberger, and all those touched by this tragedy. This vigil's meaning cannot overstated. Dominic and Gracie unified us at Central Park in an unprecedented manner that must always be remembered by Santa Clarita. Both Dominic and Gracie are forever a part of the Santa Clarita's history, and ought to forever be a part of its future.

The City Council of Santa Clarita Valley has already confirmed this ask, to do the same is the right next step.

Sincerely,

Joaquin Rodrigo Brealey Hemstreet
