

SCV Water – Intent to Request New Water Service

LARC Pipeline Project - New

- Yes, I want to apply for a water meter at this time.
- Yes, I may want to apply for a water meter sometime in the future.
- No, I do not want to apply for a water meter at this time.

Class of Service

- Residential
- Commercial

Size of Meter

What size of water meter do you want installed, please check the appropriate box below.

- 1"
- 1 1/2"
- 2"

The initial process is two steps. The first step is to indicate that you are interested in connecting to the pipeline. The second step will require payment of fees which include Facility Capacity Fees and the construction costs to install the service line and meter. Grant funds may be available for residential customers within a certain financial threshold established by the State. To find out if you qualify, please fill out the Household Income Certification form from the State of California (included in packet).
