## **SCV Water Announces New Date for Public Hearing and Board Actions on Water Shortage Contingency Plan and Ordinance**

*Public hearing now scheduled for Wednesday, June 9*

**Santa Clarita** — SCV Water has moved its Board of Directors virtual public hearings on the Water Shortage Contingency Plan and Ordinance from April 26 to June 9 at 6:30 p.m. The public will have an opportunity to provide public comment during the hearings, which comes after the 30-day public review and comment period that ended on April 12. The draft plan and ordinance are available online at: [yourscvwater.com/wscp](http://yourscvwater.com/wscp)

This plan and ordinance are part of several important planning efforts the agency is undertaking to ensure adequate long-term water quality and supplies for today and tomorrow. The Water Shortage Contingency Plan is a requirement of the California Urban Water Management Planning Act and other applicable laws. This plan will help SCV Water prioritize actions when water shortage conditions occur such because of drought, earthquakes, fires or other catastrophic events. Important components of the plan focus on water conservation and water shortage planning.

The public has been invited to participate in the process to develop the Water Shortage Contingency Plan. The Agency held a public workshop in January that is available to view, along with the presentation and factsheet, at: [yourscvwater.com/wscp](http://yourscvwater.com/wscp)

### **About SCV Water:**

The Santa Clarita Valley Water Agency (SCV Water) is a full-service regional water agency located in the Santa Clarita Valley. SCV Water provides water service to approximately 74,000 business and residential customers. It was formed on January 1, 2018, when local water suppliers combined into one integrated, regional water provider.
