The Water Shortage Contingency Plan is a requirement of the California Urban Water Management Planning Act and other applicable laws. This plan will help SCV Water prioritize actions when water shortage conditions occur such because of drought, earthquakes, fires or other catastrophic events. Important components of the plan focus on water conservation and water shortage planning.

The public has been invited to participate in the process to develop the Water Shortage Contingency Plan. The Agency held a public workshop in January that is available to view, along with the presentation and factsheet, at: [yourscvwater.com/wscp](http://yourscvwater.com/wscp).

**About SCV Water:**

The Santa Clarita Valley Water Agency (SCV Water) is a full-service regional water agency located in the Santa Clarita Valley. SCV Water provides water service to approximately 74,000 business and residential customers.
